

Soft Back Insert

Wheelchair Cushion

- ☞ Mild lumbar support
- ☞ Helps protect spine
- ☞ Memory foam comfort

Product Description

HCPC E2611

The Soft Back Insert is designed to provide a layer of comfort and mild lumbar support. Constructed of 2 layers of foam, including visco-elastic memory foam, this cushion is often used to prevent and heal pressure ulcers in the spine. With no hardware components, this back support is also a quick solution to manual wheelchairs with a slung back. Attaches to the wheelchair with four adjustable anchor straps. Includes a 4-way stretch, incontinent-resistant cover with non-skid bottom. Extra covers available.
