Waterfall Layer

Water-Resistant Zipper

Non-Skid bottom

Visco-Elastic Memory Foam

High-Resiliency Pressure-Redistributing Foam

## Product Description

The Liberty™ Heel Pro is designed to offer comfort and support to the lower extremities while floating the heels. Utilizing visco-elastic memory foam to conform to the calf and bony prominences, the Heel Pro combines the added benefits of side guards to prevent leg injuries and trauma. The sloped front design supports the knees to prevent hyper extension.

Cover is labeled with a "Float Heels This End" tag for proper usage. Includes a 4-way stretch, incontinent-resistant cover with non-skid bottom. Extra covers available.
