Our newest addition from Basic American, The Liberty Bed provides you with the key features you want at a very affordable price point.

- **Strong supportive grid deck** is superior in frame design and offers a “no-sag” mattress support surface. 450 lb. weight capacity.
- **Range of motion** 9.9 inch to 24.4 inch. With a standard 6” mattress, this positions the bed at an ideal height for the caregiver and for transfers.

- **One bed can be used** for 76” and 80” lengths using the adjustable brackets to meet space limitations and improve inventory management. No extension kit is necessary.

- **Resident friendly, quiet, smooth operation** keeps bed level and balanced at all times using three DC motors.
- **360 degree mobility** at ANY height – can move from room to room at any height, and move over thresholds at even the lowest position.
- **Mattress retainer** is standard.
- **Reinforced, robust base** is designed for support yet provides sufficient underbed clearance, ideal for using overbed tables and patient lifts.
- **Easy assembly** requires only a screwdriver.

### Highest Safety and Quality Standards

Built to conform to UL 60601-1 and IEC601-2-38, CAN/CSA C22.2 No. 601.1 the Liberty Bed offers the following ensuring the utmost resident and staff safety:

- No pinch points within 200mm of bed perimeter.
- Rolling clearance of 20mm over thresholds.
- Splash-proof electronics.
- Load capacity and tip-stability testing.

### And For Infection Control... Introducing SilverSolutions!

- Superior, high efficacy that protects painted surfaces
- Antimicrobial kills more than 99.9% of odor and stain causing bacteria.
- Lasts for the expected life of the bed.
- Non-allergenic and safe for the environment.
- High concentration of silver ions gives high efficacy.
- Requires no special handling.
- A cost-effective solution that is built-in to last.

**Four Locking Casters** secure the bed at any height.

**New keyed Wall Saver is standard** – easily moves over thresholds during transport, yet automatically falls back into place to protect your walls. Wallsaver adjusts easily when modifying bed from 76” to 80” and when using a trapeze.

**Pendant Hand Control**  
Easy operation contoured Hand Control Pendant is shock-resistant, water-proof and durable. Holster conveniently secures to bedrails and assist devices for easy access.

### ACCESSORIES & OPTIONS

**Optional Trapeze Adapter and Trapeze** attaches easily to headboard to position trapeze within easy reach of residents.

**Optional Liberty Lock**  
One-step red/green pedal locking system maximizes security. Locked position can be seen from a distance. The Liberty Brake can be added as a retrofit.

**Optional Extension kit**  
Extends sleeping surface from 80” to 84”.

**Optional Battery Backup**  
Provides the ability to perform bed functions in the event of power outage.

**Optional Half Length Assist Device and Assist Bar**  
Half length assist device and assist bar provide a sturdy and secure handhold to assist residents in and out of bed. Assist devices are removable without tools and meet FDA Entrapment Guidelines.
