Product Description

HCPC E1226

The FreeLander™ Reclining wheelchair has a dynamic recline range of 90° to 180° for those who need more adjustment. Treaded polyurethane tires, and high-impact composite side panels and footplates help make the FreeLander™ Reclining wheelchair extremely durable. Standard features include: headrest, anti-tippers, adjustable-height removable ¾-length armrests, and non-tearing armpads. Comes with standard swing-away or elevating legrests that are compatible with other FreeLander™ wheelchairs. Additional full-length armrests available.
