

Contour Plus

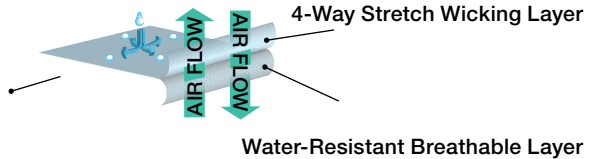

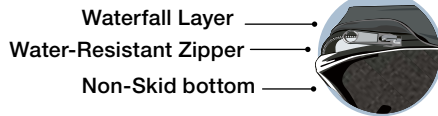

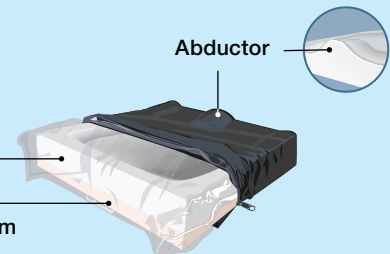

Wheelchair Cushion

- Up to stage III wound
- Deep contour provides postural support
- Moisture-resistant, 4-way stretch cover included

Tru-Relief™ Visco-Elastic Memory Foam

High-Resiliency Pressure-Redistributing Foam

Product Description

HCPC E2607

The Contour Plus cushion combines Tru-Relief™ visco-elastic memory foam with moderate positioning. Designed to encourage proper pelvic alignment and neutral spine, the deep contour, abductor, and slight wedge helps prevent the pelvis from posterior pelvic tilt and sacral sliding. The Contour Plus Cushion is a great solution for individuals with stage II and III wounds or a history of wounds in need of positioning. Includes a 4-way stretch, incontinent-resistant cover with non-skid bottom. Extra covers available.
